# COMMUNITY GRANTS

# OVERVIEW

Support for programs and activities that address a specific need or provide a direct benefit to the Clarence community by promoting community participation, inclusion, wellbeing, connection, resilience and capacity.

Applicants from outside of Clarence may apply, but must demonstrate benefit to the Clarence community.

## **Funding available**

There are two tiers of funding available for projects/activities:

Level 1 up to \$5,000, and

Level 2 from \$5,000 to \$10,000 ex GST.

Clarence City Council reserves the right to partially fund a project if any project component sits outside the assessment criteria, the project delivery timeline is considered insufficient or if any part of the budget has a disproportionate expense.

## **Funding rounds and limits**

Community Grants are assessed up to twice per year in two separate rounds.

You may only submit one application across council's available grant rounds.

You will be unable to apply for another grant if you have an outstanding acquittal from a previous round.

## **Who is eligible?**

- Community or resident groups
- Incorporated associations\*
- Not-for-profit associations

- Registered charity organisations
- Auspiced organisations

*\*If your group is not incorporated, you can still apply for a grant provided that your application is auspiced and administered by an organisation that is incorporated.*

Auspicing entities must accept responsibility for the management of advanced funds and acquittal requirements as well as all insurance risk of the funded project. A letter of support from the auspicing entity is required at the time your application is submitted.

Schools cannot apply in their own right; however an application can be considered if it is submitted by the School's Parent Association (P&F or P&C). It must be for a one-off event, project or activity that is not the core

responsibility of the school and is open to or involves the wider community.

If you're unsure about your eligibility, please contact a Community Grants Officer.

Where grant applications involve the dissemination of cultural information (for example interpretive panels or artworks) the proposed content must be agreed by Council prior to manufacture/installation.

## Assessment

All grant applications will be assessed for both eligibility and merit assessment of the grant activity. The merits assessment will be undertaken only if the eligibility assessment is successful. All applicants must discuss their project with a grant officer prior to applying.

## Activity Assessment criteria

Applications will be assessed in accordance with the following criteria:

1. A clear rationale for the project including aims, expected outcomes and why the funding is needed.
2. How the funding will contribute to enhanced community resilience, connection, inclusion, community participation, and wellbeing.
3. How the project aligns with one or more of the objectives outlined in council's Community Wellbeing Strategy 2022 - 2032.
4. How the proposed activity will benefit the Clarence community.
5. Where proposed works are grant funded by another organisation/government, the applicant/s must demonstrate how the council grant assists to maximise the dollars spent and community benefit.

6. The applicant/s must have capacity to manage and achieve their project and to maintain outcomes.
7. The applicant/s must provide a detailed budget outlining:
  - a. funding arrangements for the project
  - b. which components of the project council is funding
  - c. projected costs of the budget (reasonably itemised, including calculations for any voluntary/in-kind support to be provided)
  - d. contribution the applicant is making to the project (including in-kind support).
8. If applicants are planning on including First Nations cultural representation in their project, then participating First Nations artists need to be cited, and / or evidence of cultural permission must be included.
9. The applicant/s have met the eligibility criteria.
10. Requests over \$5,000 will be assessed against how well they demonstrate: a long term investment for community - commensurate to the scope and scale of the project; alignment with more than one priority area of the Community Wellbeing Strategy 2022-2032; thorough planning; and value for money.

In determining an outcome, council will also consider how many times you have previously been successful in obtaining a grant, and adherence to the grant agreement, to provide equity within the scope of available funds.

Community Grant applications are assessed by a panel of council officers, following which a report is prepared for consideration and approval of council.

The Community Grants Program is very competitive, and demand will often exceed

funding availability.

You are encouraged to ensure that you provide all required information to enable your application to be considered fully in competition with all requests received.

*If you are unsure about your project, please contact the Community Grants Officer for additional information and guidance.*

## The budget

- You must provide a budget outlining funding arrangements for your project. The budget's purpose is to demonstrate how the project will be funded. This helps the assessment panel to understand:
  - a. How you are paying for the elements of your project such as materials, and fees
  - b. Considerations regarding your project and the resources required to complete the project
  - c. Which parts of the project council is funding
  - d. Your contribution to the project (including in-kind support)
  - e. Council prioritises assistance to applicants who provide a balanced budget, and demonstrate how they will co-contribute to the project. This can be a combination of monetary and in-kind support.

## Calculating voluntary or in-kind support

Community groups often rely heavily on in-kind support from their members. It is important to recognise this in your application as income. A general rate for volunteer contribution is \$40 per hour for non-skilled labour, and at relevant rates for professional services. Hours contributed by volunteers should not account

for more than 25% of the total project budget.

In applying for this funding, we expect all applicants to ensure that they allocate sufficient funds within their budget to pay any collaborators a fair and living wage, in compliance with applicable labor standards and award guidelines. This should reflect the professional nature of the work and the time commitment required to successfully deliver the project.

## Your obligations – If you are successful in receiving a grant

If Council approves your grant, you are required to:

- Enter into a formal funding agreement with Council
- Expend the grant monies only on the activity for which the grant was approved
- Publicly acknowledge the support of Clarence City Council in any acknowledgements and media releases
- Invite the Mayor and councillors to attend any relevant function or event associated with the funded project
- Complete an acquittal report within three months after your project completion date as specified in your application.
